Dear Mr. Jeffrey Epstein,

My family and I live on island for the last eight and a half years. We run the local Chabad House as well as a Jewish Welcome Center in downtown.

We have grown tremendously over the years and have touched tens of thousands of Jews visiting the island. We have an ongoing relationship and service the majority of local Jews on the island as well.

We are now embarking on a building campaign - the Jewish community campus.

I have heard that you are an extremely generous individual. It would be my honor to meet with you when you have time and share with you our accomplishments and future plans.

I can take a boat to little James or we can meet in STT.

Please be in touch with me and make this your "Jewish VI project". It will bring you eternal nachas and meaningful joy.

Thank you very much. Looking forward to hearing from you.

Rabbi Asher Federman
